Council President Culver inquired whether this was like a beer garden. Council Member Burch inquired if this was where blow ups would be. Betterment Group representative, Debbie Wood, stated that the area for beer sales and consumption would be between the tennis courts and the park, from 5<sup>th</sup> street up to the alley. Council President Culver inquired how they would police the consumption along that stretch. Staff stated that they had spoken to Jared but were under the impression that it would be at the pocket park after the concert on Friday. the building has been condemned for some time. Mayor Elliott stated that they are awaiting the asbestos test results but that there is a one (1) year period to tear down the brick building. Council Member Burch inquired what the building would be used for. Mayor Elliott stated that it would be a storage facility for construction equipment. Council Member Burch inquired if the bulk water would be able to be moved before the closing date set for the eighth. Mayor Elliott stated that staff is looking at moving the bulk water currently and that he was not worried about the issue and stated that the closing date could be pushed back if need be.

**A MOTION WAS MADE BY COUNCIL MEMBER BURCH, SECONDED BY COUNCIL MEMBER DYE TO APPROVE THE SALE OF THE STATE STREET SHOP FOR THE AMOUNT OF \$10,000.**

**MOTION CARRIES 3-0.**

**H.5. DISCUSS AND CONSIDER INVOICE 3 AND AUTHORIZE PAYMENT TO MIDWEST ENGINEERING.**

Staff stated that this was the third invoice for Midwest Engineering. This invoice constituted fifty-five percent (55%) design for the project. They went on to state that this invoice includes additional charges but nothing outside of what was to be expected from a contract like this. The total for the invoice was twenty-nine thousand seven hundred three dollars and sixty-nine cents (\$29,703.69). Staff directed the attention of the Council to page two (2) of the invoice. Mayor Elliott inquired if grant money could be used for this invoice. Staff stated that it could not due to poor bidding at the start, but the SRF funding could be used. Council Member Burch inquired on the amount due, staff clarified that the amount due at this time was the twenty-nine thousand seven hundred three dollars and sixty-nine cents (\$29,703.69) and the two hundred twenty-six thousand five hundred ninety-nine dollars and fifty cents (\$226,599.50) had already been paid and that billing was current.

**H.7. AUTHORIZE THE NECESSARY SIGNATURE(S) ON THE REQUEST FOR RELEASE OF FUNDS FOR THE EXPANDED CDBG TARGET AREA.**

Staff stated that this may have been referenced previously but wanted to ensure council awareness on anything requiring signatures. Staff went on to state that this is the final piece to start using CDBG funding in the expanded target area. Council Member Burch inquired what the three thousand local match was. Staff stated that somethings were not able to be covered by the CDBG funds such as the Environmental Review(s) and the homeowner match was for if some of the houses having work done went over the per home allotment of funds.

**RE: City of Caney, Kansas  
Municipal Court Judge Position**

Dear City Administrator Sibley:

I am writing to express my interest in serving as Municipal Court Judge for the City of Caney.

My approach to judicial service is to maintain a professional, structured, and independent courtroom that operates consistently, applies the law as written, and fosters public confidence in the judicial process while working effectively within the broader municipal system.

I have been a Kansas licensed attorney since 2012 and have practiced at Kelly & Kusiak Law Office LLC since relocating to Independence in 2015. As my private practice developed, I made a deliberate decision to incorporate public service into my work by serving as a municipal court judge.

In 2018, I began intentionally preparing for this role through focused self-study of municipal court procedure and offenses, observation of local municipal court proceedings, and mentorship under my law partner, William J. Kelly, who had over 41 years of experience as a municipal court judge. I began serving as a municipal court judge in February 2019 and currently serve the Cities of Cherryvale and Independence.

I have presided over thousands of arraignments and more than 80 trials. This experience has provided practical, hands on familiarity with courtroom management and judicial decision making. As a result, I am able to step into the role in the City of Caney without a significant learning curve.

I strongly believe that small town communities are entitled to the same quality in the administration of justice as any larger jurisdiction. Courts, regardless of location, must operate with fairness, impartiality, professionalism, and consistency, and the judge is responsible for ensuring those standards are maintained.

I take that responsibility seriously. Municipal court is often the most direct interaction the public has with the legal system and many individuals appear without counsel. This requires a court that is structured, predictable, and grounded in the law, where proceedings are conducted properly and consistently.

At the same time, I recognize the realities of operating within a small community, including limited resources and the practical impact on those appearing before the court. I appreciate that maintaining appropriate structure and professionalism must be balanced with efficiency and sound judgment.

Furthermore, while the court must remain independent, it does not operate in isolation. It functions within a broader municipal system supported by the City and in coordination with the City Attorney, City Prosecutor, law enforcement, and the public it serves. Effective judicial service requires operating within that system while maintaining independence in decision-making and ensuring the court operates properly, consistently, and in accordance with the law. I bring that approach to my current judicial service and would do the same for the City of Caney.

I meet all requirements set forth in the Statement of Qualifications. I welcome the opportunity to discuss this position further. Thank you for your consideration.

Sincerely,

A handwritten signature in black ink, appearing to read "Joslyn M. Kusiak". The signature is fluid and cursive, with the first name "Joslyn" being the most prominent part.

**Addendum**

**RATES FOR SERVICE**

This proposal is based on discussions with City Administrator Sibley, Municipal Court Judge John Horst, City Attorney Paul Kritz, and City Prosecutor William Hoy.

It is my understanding that municipal court is held one day per month and that the time required of the judge outside of that day is limited.

Given (1) the level of responsibility associated with the role, including the nature and volume of cases, (2) the anticipated administrative support provided by the City, and (3) the public service nature of the position, my hourly rate is \$225.00.

Based on an estimated time commitment of up to six hours per month, I propose a flat monthly fee of \$1,350.00. This amount reserves the time for court proceedings, preparation, and travel, and includes mileage.
